Education

University of Southern California

B.A. Intelligence and Cyber Operations

Aug 2021 - May 2025

Los Angeles, CA

Skills

- Leadership
- Teamwork
- Tech Support
- Web Application Security
- Digital Forensics Analysis
- Malware Analysis
- Basic Penetration Testing
- C++ (USC, ITP-165)

Tools

EnCase

- Kali Linux
- Pestudio
- x64dbg
- Ghidra
- Microsoft Office

Languages

- English - Fluent
- Korean - Proficient

Certifications

- American Red Cross CPR/AED
- CompTIA Sec+ (In progress)

Recent graduate from the University of Southern California with a Bachelor's degree in Intelligence and Cyber Operations. Strong foundation in network security, threat analysis, and penetration testing, with hands-on experience in forensic tools, risk assessment, and vulnerability management. Skilled at problem-solving, adapting to new technologies, and collaborating in team environments. Motivated to apply previous technical knowledge with a willingness to grow and learn in the information technology and cybersecurity fields.

Course Work

ITP-325 Ethical Hacking

USC - Los Angeles, CA

- Examined hacking techniques from a defensive perspective with emphasis on ethical and legal considerations. Conducted penetration testing and vulnerability assessments using **Kali Linux** and **Windows** environments, and applied security best practices to harden workstations, servers, and network infrastructures.

ITP-375 Digital Forensics and Cyber Investigations

USC - Los Angeles, CA

- Applied forensic methodologies for digital evidence acquisition and preservation using industry-standard tools including **EnCase**. Performed Windows file system analysis, cybercrime investigations, and real-world case analysis with an emphasis on evidentiary integrity, technical reporting, and defensible forensic procedures.

ITP-425 Web Application Security

USC - Los Angeles, CA

- Analyzed web applications from an offensive security perspective, performing information gathering, vulnerability discovery, and validation. Conducted exploitation and privilege escalation activities, including testing for **SQL injection** and **Server-Side Request Forgery (SSRF)** vulnerabilities, with emphasis on controlled, ethical assessment methodologies.

ITP-499 Malware Analysis

USC - Los Angeles, CA

- Built foundational skills in malware analysis and reverse engineering with a focus on Windows-based malware. Analyzed malicious behavior and functionality using tools such as **Ghidra** and **x64dbg**, applying static and dynamic analysis techniques to understand execution flow, persistence, and system impact.

Work Experience

Campus Connect Associate

USC Auxiliary Services

Aug 2021 - May 2023 Los Angeles, CA

- Assisted customers, helping them get exactly which tech they needed with specialized customer support.
- Supported customers with troubleshooting minor issues.
- Handled repair orders from customers with the store's partnered repair shop.
- Managed and tracked shipments to and from the store.
- Used Microsoft Office for administrative duties.

Food Service Associate

Sul & Beans

May 2022 - Jan 2024 Buena Park, CA

- Operated as a role-flexible member as part of a 5 man team in an often busy work environment.
- Used Korean to accommodate the most common demographic of customers and was often in charge of mediating with potentially unhappy customers.
- Helped guide and lead a full kitchen in producing customer orders with maximum efficiency.

Kitchen and Service Team

Panda Express

June 2024 - Current Cerritos, CA

- Currently handling Front of House duties involving handling and serving food, register duties, and cleaning the dining and steam table areas.
- Involves communicating with the kitchen to ensure that any given dish is prepared in an orderly and time sensitive fashion.
- Delivered exceptional customer service by effectively addressing customer needs.

Awards

Congressional Nomination

May 2021

- Recipient of a Congressional Nomination from Congressman Gil Cisneros (CA 31th District) for the purpose of applying to the United States Military Academy, demonstrating strong academics, leadership, extracurriculars, and physical fitness.

U.S. Army ROTC Scholarship

May 2021

- Recipient of a 3-year Army ROTC Scholarship from U.S. Army Cadet Command. Demonstrated strong leadership and teamwork while also meeting the academic and physical standards set by the Army.
