AWARDS

Congressional Nomination
Congressman Gil Cisneros, CA-31 - 2021

U.S. Army ROTC Scholarship
3-year scholarship, Army Cadet Command - 2021

Recent USC graduate with hands-on technical support experience and a background in IT and cybersecurity fundamentals. Skilled at diagnosing and resolving hardware, software, and network issues, communicating clearly with users, and providing responsive, patient customer service. Comfortable working with Windows and macOS environments and troubleshooting under time pressure. Eager to bring strong problem-solving skills and a customer-first mindset to an IT Professional role.

WORK EXPERIENCE

Campus Connect Associate
USC Auxiliary Services *Aug 2021 - May 2023 | Los Angeles, CA*

- Provided front-line technical support to students and staff, diagnosing hardware and software issues and routing complex cases to the appropriate repair channel.
- Coordinated device repair orders with a partnered repair shop, tracking status and communicating updates to customers to ensure timely resolution.
- Managed inbound and outbound shipment tracking and inventory records using Microsoft Office.
- Delivered patient, friendly customer service in a high-volume walk-up environment, translating technical issues into clear, non-technical explanations.

Food Service Associate
Sul & Beans *May 2022 - Jan 2024 | Buena Park, CA*

- Operated as a flexible team member in a fast-paced environment, adapting quickly across roles as needs shifted.
- Used bilingual English/Korean communication to support customers and resolve concerns professionally.

Kitchen and Service Team
Panda Express *Jun 2024 - Jan 2026 | Cerritos, CA*

- Delivered consistent, friendly customer service while coordinating with the team to handle time-sensitive requests efficiently.

Medical Courier
BioTouch *Jan 2026 - Sep 2026 | Orange, CA*

- Coordinated daily delivery logistics with dispatch and healthcare providers, prioritizing and resolving scheduling conflicts under time pressure.
- Maintained strict adherence to HIPAA and chain-of-custody protocols, demonstrating reliability with sensitive, compliance-driven procedures.
- Responded to urgent same-day (STAT) requests, reflecting the ability to triage and manage competing priorities.

EDUCATION

University of Southern California
B.A. Intelligence and Cyber Operations *Aug 2021 - May 2025 | Los Angeles, CA*

Relevant Coursework

- Ethical Hacking
- Digital Forensics & Cyber Investigations
